

WHERE HAVE YOUR TIRES BEEN?

THESE
TIRES
ARE
ALL
MADE IN THE USA

Rox Speed Fx.com

**NEW
STUDDED
TIRE!**

Industry's first production snow and ice tire. A total of 96 carbide-tipped steel case studs combine with fully siped lugs for maximum traction in loose, frozen, slippery conditions.

**TUNDRA
CROSS**

25x9-12
25x10-12

Hartlen Foley, ATV Riders.com

NEW

MX National-winning performance now available for the trail. Advanced, highly durable 6-ply carcass design reduces bounce and enhances acceleration, braking, cornering and overall balance.

**QUAD
CROSS XC**

22x7-10
20x11-9

**NEW
26"
SIZING!**

Super-tough 8-ply rated radial carcass, extended-life rubber compound and innovative tread pattern deliver a smooth, predictable ride, slow wear characteristics and high mileage.
