UTV / ATV / SXS TIRE AND WHEEL CATALOG

MADE IN THE USA

A close-up, low-angle shot of the rear of an off-road vehicle, likely a truck or SUV, as it drives on a sandy, uneven terrain. The vehicle's rear suspension, including the coil springs and shock absorbers, is visible. The rear wheels are equipped with large, black, knobby tires designed for off-road use. The vehicle is kicking up a cloud of sand and dust from the ground. The background is a vast, open landscape of dry, yellowish-brown earth under a clear sky.
